ACHIEVEMENTS

Debugging Competition:

Secured **Second Prize** in Debugging Competition, held at *National College*, Trichy.

CERTIFICATIONS

- Full Stack Java Development Course *SkillUP by Simplilearn*, 2022
- Java Certification Course *SkillUP by Simplilearn*, 2022
- ChatGPT Advanced Course *SkillUP by Simplilearn*, 2025
- Introduction to Prompt Engineering *SkillUP by Simplilearn*, 2025

SUMMARY

Java Full-Stack Developer with nearly **3 years of experience** building reliable and efficient systems using **Spring Boot**. Skilled in creating clean APIs and improving database performance. Quick learner and problem solver, ready to contribute to impactful projects.

EXPERIENCE

MEMOB PLUS PVT LTD | JUNIOR SOFTWARE DEVELOPER

April 2023 -- Present | Chennai, Tamil Nadu

- Designed and developed scalable **microservices** using **Java** and **Spring Boot**, exposing **RESTful APIs** focused on low latency and high throughput.
- Architected and implemented a **unified audience management service** to seamlessly integrate with multiple marketing platforms, including **Meta**, **Snapchat**, and **TikTok**.
- Contributed to the modernization of a legacy system by re-architecting and optimizing critical **APIs** and enhancing the user interface, resulting in improved system speed and user experience.
- Significantly reduced API latency by implementing a targeted **Redis** caching strategy for background tasks.
- Enhanced database performance through strategic indexing and advanced **PostgreSQL** query optimization.
- Tech Used: **Java**, **Spring Boot**, **Microservices**, **Meta Ads API**, **Snapchat Marketing API**, **TikTok Marketing API**, **OAuth 2.0**, **RabbitMQ**, **Redis**, **Next.js**, **MUI**.
- Database: **PostgreSQL**.

MEMOB PLUS PVT LTD | SOFTWARE DEVELOPER TRAINEE

Aug 2022 -- April 2023 | Chennai, Tamil Nadu

- Optimized database queries to enhance data retrieval speed and improve application performance.
- Developed a special proximity hash in **Java**, leading to more accurate location-based targeting.
- Tech Used: **Java**, **Spring Boot**, **RabbitMQ**, **Redis**, **React.js**, **Mapbox**, **MUI**.
- Database: **PostgreSQL**.

PROJECTS

FARMCONNECT: FULL-STACK E-COMMERCE PLATFORM A

COMPREHENSIVE, ROLE-BASED E-COMMERCE APPLICATION CONNECTING

LOCAL FARMERS WITH CONSUMERS.

July 2025 | Live: farm-ui-pi.vercel.app

Git: github.com/azhagu-swe/farm-connect

- Architected a full-stack e-commerce app with distinct, role-based dashboards for Buyers, Farmers, and Admins.
- Implemented robust Role-Based Access Control (RBAC) using **Spring Security** to secure application routes.
- Built a complete e-commerce frontend featuring product filtering, a shopping cart, and a multi-step checkout process.
- Tech Used: **Java**, **Spring Boot**, **Spring Security**, **PostgreSQL**, **React**, **TypeScript**, **CSS**, **Docker**.
